

8 THINGS TO CONSIDER BEFORE PURCHASING RESIN FOLDING EVENT CHAIRS

NUFURN GLADIATOR & WIMBLEDON CHAIRS

SOME COMPETITORS

1 The Ultimate Strength: The only Steel Reinforced Resin Folding Chair. The **original** Folding Americana resin chair on the market. Proprietary technology only available from Nufurn

Beware of Imitations!: Resin folding chairs without steel reinforcements will bend and break - effecting OH&S practices.

2 Highest Commercial Rating: Heavy Duty commercial - **rated at 227kgs!!** Rated and approved Internationally by BIFMA 5.1 & by AFRDI AS/NZS 4688:2000 - Level 4 General Commercial.

No Rating: Some chairs have no rating at all or are only rated for domestic use.

3 100% Pure Polypropylene: Solid colour and consistently high grade, exceptional quality. Same quality each time you buy!! Nufurn manufactures independently.

Cheaper, Low Grade Resin: Inconsistency between various other folding chair products: different quality & colour-everytime!! Chairs are sold through resellers - products are marked up in price and re-sold to end user.

4 Accurate Componentry: All bolts are metal into metal for extra strength, stability and durability.

Incorrect Componentry: Standard folding resin chairs screw metal parts into plastic - much easier to break and rust.

5 Maintenance Friendly: Interchangeable seat pads and high grade resin for the Gladiator & Wimbledon™ chairs means quicker cleaning, saving labour and money.

More difficult to clean & maintain: Cheap imitations and timber folding chairs require ongoing maintenance and attention. Takes time, costs money.

6 Brilliant White to Last: Guaranteed UV stabilization for total sun protection.

Deterioration of Resin: Cheaper, Low quality chairs will fade, turn yellow and begin to crack.

7 10 Year Warranty: We stand by our product - Guaranteed! A 10 year warranty you can trust and rely on from the leaders in event furniture.

Minimal Warranty: Some chairs are only rated for domestic or light commercial use and offer minimal warranty.

8 Satisfies OH&S Requirements: Look after your staff. Trolley specifically designed to move Nufurn Gladiator & Wimbledon™ chairs with ease (35 chairs at once!!). Interlocking design for better stacking ability and storage.

Injury: Manual lifting of heavy stacks of chairs can cause serious back injury. Without steel reinforcements, there is no guarantee the folding chair will not break. Do not settle for a cheaper alternative.

Your **only** choice should be the **Nufurn Gladiator™ & Wimbledon™** Chairs
